

Kevin Paul – Producer / Engineer / Programmer / Mixer / Remixer

Kevin started in the music industry as a DJ in 1987 championing the fledgling Hip-Hop and rave scenes that were burgeoning at that time. After several years he moved towards the studio environment working first at Soho Studios and then Konk Studios 6 months later.

At Konk Kevin worked alongside a bevy of successful producers and engineers such as **Bob Clearmountain, Adam Mosley, Pascal Gabriel and Gil Norton** as well as bands such as **The Kinks, Galliano, Terrorvision, UFO and Elastica**. After working on archiving the **Depeche Mode** back catalogue he was offered an engineering role at The Mute Records in-house studio, an opportunity that afforded him the chance to exercise all the skills he'd been honing over that time.

In 1997 Kevin became the head Engineer at Mute Records where his talents as a mixer, recording engineer and programmer gained him access to the entire Mute roster: highlights included Mixing **Goldfrapp's** "Felt Mountain", Recording **David Bowie's** "Hours", Engineering on **Nick Cave's** "No More Shall We Part" along with mixing for **MoWax, Cup of Tea** and many other Independent labels.

Kevin moved into 5:1 Surround Productions initially for Mute's DVD interests including mixing **Moby's** "Hotel", **Goldfrapp's** "Black Cherry" and his last project: mixing the entire **Depeche Mode** back catalogue for SACD. Recently Kevin mixed tracks for hotly tipped NME favourites **The Horrors** (Loog), recorded tracks with Bad Seed **Mick Harvey** for his latest solo album, mix engineered **Polly Scattergoods** debut and provided Engineering talents on the latest **Nick Cave and the Bad Seeds** album 'Dig Lazarus Dig'.

Throughout 2008 Kevin has been charged with handling the **Apple iTunes** exclusive performances, which has seen him work with a glittering array of Artists including: **REM, Spiritualized, Nick Cave and the Bad Seeds, KT Tunstall, James Blunt, Jose Gonzalez, Alphabeat, Daniel Merriweather, Mystery Jets, Roisin Murphy, Elbow, Get Cape Wear Cape Fly, Hot Chip, MGMT, Calvin Harris** and **The Hoosiers**.
